To Achieve Greater Coherence

- Purposeful action and interaction
- Working on capacity
- Clarity
- Transparency
- Precision of practice
- Monitoring of progress
- Continuous correction

Coherence Is
... a shared depth of understanding about the purpose and nature of the work in the minds and actions individually and especially collectively.

Coherence Is Not
- Structure
- Alignment
- Strategy

The Coherence Framework
Each of the four components serves the other three and must be addressed simultaneously and continually. Leadership both activates and connects the four components.

Get the Right Mind-Set for Action
... and have a deep respect for the unpredictability of change.

Achieve remarkable and lasting success by focusing on the right things and staying with them.

Coherence represents going into action with the right drivers as the foundation.

The Wrong and Right Drivers in Action

Talk the Walk
The cumulative effect of downplaying the wrong drivers and employing the right drivers in concert is greater clarity and cohesion.
